

**PINES**

*3rd Annual  
Whispering Pines  
BBQ*

*The 3rd Annual BBQ is coming again this summer! All Residents are invited for a hotdog or hamburger, chips and pop on the house! Come out and mingle and enjoy a fun afternoon. Mark it on your calendars, it is August 14, from 2 PM to 5 PM in the park area at the south end of our park. Please RVSP Dean or Donna*

*A New Look for  
Whispering Pines*

*The new sign with the logo you chose last year is here and installed! We have a beautiful rock base for the sign and gorgeous rock landscaping reflecting the natural surroundings of Whispering Pines. What an improvement! Thank-you Dean for contributing your talent and hard work to this project. Thanks also to Dan, Barry, Marlene and Brett!*

**What Not To Flush**

Recent plugs in the sewer lines have been caused by flushing grease and feminine products which do not belong in the toilet. The only thing you should ever flush down a toilet is human waste and toilet paper. Please help care for our park and environment.

**Another Successful Yard Sale**

*The Yard Sale turned out wonderfully; lots of residents put out their stuff to sell and lots of people came to buy. Thank-you to all those that participated and made it a successful event! A very special thank-you to Laura for organizing this successful event again!*

## Watering Restrictions

Summer is almost here again and it is time to think about our water supply. Conserving our water is a great way we can all help to protect our drinking water. Effective now through September 30, 2010 sprinkling and car washing is permitted between the hours of: 5:00 AM to 11:00 AM and 5:00 PM to 11:00 PM. Water sprinkling is restricted to every second day: Residents at "odd number" addresses water on "odd number" calendar days, Residents at "even number" addresses water on "even number" calendar days.

## RESPECT

Every one appreciates their quiet peaceful times. It is the time after a hard day of work, winding down at home, having dinner and relaxing or quiet weekends to putter around the home or garden. We all know the feeling! That is also true for Dean, he is the park manager, but he is also a Resident and a neighbor. Please respect that and try to address park matters during regular working hours at the office or by phone. Using the telephone to discuss a matter or arrange for a meeting is much easier than spending time tracking him down. And just a reminder; should you go to his home and he does not answer the door, he is either not there or busy. It is never acceptable to walk right in! Certainly Dean is always available for park emergencies, but if it is not an emergency consider leaving it until normal working hours and addressing park matters at the office and/or using the phone. *Thank-you!*

## NAME THAT ROAD CONTEST

What do you think our park roads should be called? Row 1 or 2? How about a real name? Let's put our ideas together to come up with some great names for our roads. It can be just a great name or maybe a great name with a story behind it. Who doesn't love a good story? We have 6 six roads plus 2, so that's a few names! Enter your ideas in the "Contest Box" at the BBQ or give them to Dean. The winning road names will be selected after the BBQ and the winning names along with the Residents that submitted the names will be mentioned in the September newsletter.

## Yards of the Month

*Each month starting in July we will be awarding the "Yard of the Month" and Most Improved Yard of the Month" awards. Will it be you? Stay tuned!*

## NO SPEEDING Speed Limit 15 km/Hr

## The Pavers are Coming!

*Considering paving your driveway this year? Discounts may be available for multiple driveways. The pavers are coming July 17, maybe you want to book them in too!*
